

TWO STATE OFFICIALS ARE INDICTED

GRAND JURY PROBE RESULTS IN TRUE BILLS BEING FOUND

Governor Small and Lieutenant Governor Sterling Charged with Embezzlement, Conspiracy and Confidence Game--Vernon Curtis is also Indicted.

(By The Associated Press)
SPRINGFIELD, Ill., July 20.—Warrants were issued for Governor Small, Lieutenant Governor Sterling and Vernon Curtis, Grant Park Banker, following their indictment this afternoon for embezzlement, conspiracy and confidence game thru the use of interest on state funds for their personal gain.

Four indictments were returned. They covered charges of fraud by the trio during the terms of Small and Sterling in the state treasurer's office between 1917 and 1921. The first indictment charged the governor, lieutenant governor and Curtis jointly with embezzlement of seven hundred thousand dollars. A separate indictment against Governor Small charged him with embezzlement of five hundred thousand dollars while Lieutenant Governor Sterling was individually charged with embezzlement of seven hundred thousand dollars. The fourth indictment charges the three with conspiracy and confidence game involving two million dollars interest on state funds.

Alleged illegal operations by the governor, lieutenant governor and Curtis named in the indictments centered around deposits of state funds with the Grant Park Bank, held by the grand jury to have been a fictitious institution since 1908 when it ceased to function.

Individual bonds on each indictment were fixed at fifty thousand dollars by Judge E. S. Smith. Governor Small was notified of the indictments at his office thru his secretary, George Sutton. Sheriff Baldwin of Winnebago county was instructed to notify Lieutenant Governor Sterling at his home in Rockford and the Sheriff of Kankakee county received similar instructions for notification of Mr. Curtis, who is a brother of the late Senator E. C. Curtis, confident colleague of Governor Small for many years.

Governor Small will appear in court at 9 a. m. tomorrow it was said to arrange his bonds. Counsel for Governor Small includes George B. Gillespie of Springfield, who was in court when the indictments were returned.

The "Grant Park Bank" established many years ago by Alonzo Curtis, father of Vernon Curtis and the late senator, also having ceased to function several years prior to Small's term as treasurer, was used by the alleged conspirators as the agency thru which to make loans of state funds to Armour & Co. and Swift & Co., Chicago packers, according to the indictments. Altho the packers' notes drew 7 to 8 per cent interest it is charged that less than 2 per cent was turned into the state treasury during the Small and Sterling terms.

Under the law in operation then the state treasurer was required to obtain at least 2 per cent on state funds but according to Attorney General Brundage who pushed the investigation the law did not permit the treasurer to use for private gain any interest earnings in excess of two per cent.

Mortimer's Statement
Following the return of the indictments State's Attorney Mortimer said:

BURNS FINISHES TELLING STORY OF BASEBALL SCANDAL

Defense Still Has Witness Under Cross Examination

(By The Associated Press)
CHICAGO, July 20.—Bill Burns the state's chief strength in the baseball trial, today finished his story of how he and others conspired with eight Chicago White Sox players for them to throw the 1919 world's series to Cincinnati. The admitted accomplice in the alleged sell-out then withstood three hours of nerve-racking cross examination by two defense attorneys in which he fought a give and take battle, never weakening in the essential facts of his story, altho several times badly confused on incidental details.

After finishing his story of Cincinnati conferences between Abe Attell and Bennett whom he identified yesterday as David Zeiler of Des Moines, Iowa, a defendant, Burns told of further meetings in Chicago of how the players double-crossed the alleged "fixers" by winning the third game when they were not paid after the first two and of how he agreed with Ban Johnson, president of the American League and John Tyrrell, assistant state's attorney to come to Chicago and testify for the state. He denied that he was paid other than his expenses for his testimony or that he was promised any reward and stuck steadfastly to these statements under cross-examination.

He was then turned over to James C. "Ropes" O'Brien, who earned his nickname and fame in the middle west by sending many men to the gallows when he was assistant state's attorney.

JUDGE LANDIS MAKES KNOWN NEW AGREEMENT

Offers Outline of Working Agreement in Building Trades

CHICAGO, July 20.—Judge K. M. Landis, arbiter in the building wage controversy that resulted here when workers in the building trades refused to accept wage reductions, today agreed to the building contractors and workers an outline of a new working agreement that would eliminate evils in the industry and promote peace and prosperity.

The tentative pact is concerned only with working condition. Judge Landis stating that he did not believe it advisable to make wage award until what appeared to be certain unjust clauses of working agreement now in force were eliminated. The proposed evils and abuses that are revealed by the Dapley committee have been intended to eliminate that investigated alleged graft in the building industry.

Will Hold Conferences.
The Building Construction Employers' association the Associated Builders and the Chicago Building Trades Council will hold conferences during the next few days to determine whether or not they will accept the proposed working agreement. It was indicated tonight by officials of both sides that the pact would be accepted.

The proposed agreement does away with monopolistic elements of associations or unions are intolerable unless the public is served more economically with them than without them. It also states that anyone qualified should be permitted to join them without discrimination.

Trades in which the work is more hazardous or which greater skill is required or in which longer apprenticeships must be served should have higher wages the agreement states.

WM. DEUTSCH GOES WEST

BELIEVE WILSON OFFICIALS MADE SOME AGREEMENT

Secretary of Treasury Calls Present Situation Embarrassing

(By The Associated Press)
WASHINGTON, July 20.—The "understanding" reached by the Wilson administration deferring interest payments on loans made by the United States to allied nations will be binding upon the present administration Secretary Mellon stated today to the senate finance committee.

The secretary, however, did not disclose the policy which he will pursue in making collections and advised the committee he had reached no agreement with any of the debtor nations on the subject.

The present situation which the secretary called embarrassing was caused by discussions in 1919 between former assistant Secretary of the Treasury Albert Rathbone and a Mr. Blackett representing Great Britain with the result that the "understanding" was reduced to written memoranda. These conferences the committee was informed were held after Secretary Glass and his successor, David S. Houston, had decided there was authority.

Figures are Presented.
Assistant Secretary Wadsworth, who accompanied Mr. Mellon before the committee declared a large part of the interest which the United States had collected upon its foreign loans was from money which the allied governments had borrowed for that purpose. Figures were presented to the committee showing that on the foreign loans amounting to over two billion dollars, there has accumulated accrued interest amounting to \$945,534,755 which is unpaid and has been deferred. Of this France owes \$284,148,863, Great Britain \$467,393,283, Belgium \$34,007,465 and Italy \$161,978,880.

Secretary Mellon submitted to the committee a copy of a letter written by him last May 11 to the British ambassador, following a conversation with him nine days earlier on the subject of refunding the British debt. The secretary said he confined himself to submitting to the ambassador various memoranda prepared as a result of the conference between Mr. Rathbone and Mr. Blackett. "The papers cannot be said to have been in any sense the drafts or proposals of either government," the secretary continued, "and the fact that any provision is contained in them does not indicate that either was prepared to agree to it. Altho I understand Mr. Rathbone and Mr. Blackett were close to an agreement on the whole matter."

BODY OF MAN HAS BEEN IDENTIFIED

CHICAGO, Ill., July 20.—The body of a man found dead on a lonely road near Libertyville, Ill., Sunday, was identified today as Steven Wisnew, alias "Big Steve" Miller by his sister, Mrs. Laura Julla, according to Chief of Detectives Hughes. The chief said the identification had been made certain by comparing the finger prints of the dead man with those of Wisnew in possession of the police.

Police believe the man was murdered in connection with bootlegging activities and are searching for members of "The Valley Gang", who are suspected of complicity in Wisnew's death. Later police announced that they had information that Terry Druggan and Frank Lake, alleged members of the gang, were seen to slug Wisnew in Chicago and throw him in an automobile which was driven away.

It is believed by police that he was taken to the vicinity of Libertyville and killed.

Squads of detectives are searching for Druggan and Lake.

COOK COUNTY PERSONAL PROPERTY OVER BILLION

Chicago, July 20.—For the first time in the history of Cook county the total value of personal property in the county exceeds the billion dollar mark, according to valuation figures made public today by the board of assessors. The county is almost \$100,000,000 richer in personal property than it was a year ago, according to the figures.

The board's valuations show an increase of \$48,618,676. Assessed values are half the estimated real value. The grand total is \$507,428,320, which represents \$1,014,856,640 in actual value. Last year the grand total was \$405,624,854.

BRIEFS

(By The Associated Press)
JEFFERSON CITY, Mo., July 20.—The bill regulating automobiles and fixing motor car license fees was engrossed today in the house. An important amendment was adopted increasing license fees one dollar over the rate originally fixed in the bill to provide a road maintenance fund. The house then took up the committee substitute road bill as a special order of business.

NEW YORK, July 20.—The present wage scale of New York newspaper printers is to continue until July 1, next, as the result of ratification of an agreement by the union, announced today. The day shift will receive \$55.00 for a 45 hour week, the night shift \$58.00 for 45 hours, and the midnight shift \$61.00 for 42 hours.

CEDAR RAPIDS, Ia., July 20.—Incomplete returns from the special election in the fifth district congressional election yesterday received up to noon today indicate that Cyrus Cole's majority will be close to 3,000 over John N. Hughes, his Democratic opponent. A number of outlying precincts in several counties have not yet reported.

SPRINGFIELD, Ill., July 20.—Corn crops of central Illinois were saved by timely showers early this week the report of Clarence J. Root, meteorologist in charge of the U. S. weather bureau today said. Harvesting of all grains has been completed, haying is well along but pastures are mostly dried up. The temperature at Springfield was above 90 for 21 consecutive days.

SPRINGFIELD, Ill., July 20.—In response to its own petition for a reduction of fares, the Sterling, Dixon & Eastern Electric Railway was authorized by the Illinois Commerce Commission today to make the reduction, which amounts to a cut of 5 cents in fares between points inside the city of Dixon to points outside the city. In lieu of the 8-cent fare in Sterling and Dixon the company was authorized to sell two tickets for 15 cents.

MANCHESTER, Ia., July 20.—Col. John M. Peters, last survivor of Iowa's 1857 constitutional convention and reputed ranking officer of Union cavalry in Civil war died here yesterday in his 93rd year. He served four years with federal forces was with Grant at Vicksburg and took part in Sherman's march as well as forty other engagements.

CHICAGO, July 20.—The police here are looking today for three polite young men who thank their victims after robbing them. Five women yesterday reported they had been held up by the band. In each instance they were thanked after being relieved of their valuables. Ten such instances have been reported.

SAN FRANCISCO, July 20.—Investigation by police authorities has failed to disclose the cause which prompted Grant W. Helm, receiver of the Honolulu Oil Co., to commit suicide by shooting himself in his offices here yesterday. Mrs. Helm, a niece of "Uncle Joe" Cannon of Danville, Ill., arrived in San Francisco today from Los Angeles to attend the funeral, which will be held today. A check of hotel accounts as well as Grant's will, which stated that a preliminary check showed them to be in order.

KINOSHA, Wis., July 20.—John McKune, four year veteran of the Civil war and widely known in Wisconsin and Illinois as a pioneer piano salesman, was killed by a northwestern train here last evening. He fought with Grant at Shiloh, Vicksburg, Petersburg and Richmond and cast his first vote for Lincoln from the trenches in front of the latter city. He also saw Lee surrender at Appomattox. He will be buried with military honors by the Kenosha post of the Grand Army.

WOULD SOLVE THEIR PROBLEMS BY PLAY

(By The Associated Press)
OAKLAND, Calif., July 20.—Teaching the people to play as a means of solving national problems is the main objective of physical education leaders in Mexico, Enrique C. Aguirre, national director of physical education of the Y. M. C. A., in Mexico said today addressing the annual convention of the American physical education association. He declared it was harder to get Mexican girls to engage in strenuous sports than boys.

HOUSE REFUSES TO PLACE DUTY ON LEATHER GOODS

Turns Down Proposal After Voting to Put Duty on Hides

(By The Associated Press)
WASHINGTON, July 20.—The house refused today to put an import tax on boots and shoes and other leather products, altho it previously had fixed a tariff on hides. The house voted down 99 to 62, a ways and means committee amendment proposing a duty of ten per cent on leather products which was regarded as an indication that the house may reverse itself on the duty of 15 per cent on hides when that question comes up for separate vote tomorrow.

Action by the house on the leather schedule came at the close of a stormy session, the last full day to be given over to actual consideration of the Fordney bill. Tomorrow at three o'clock voting on amendments and on the bill itself will start with the understanding that final action on the measure will be taken before adjournment. The bill then will be sent to the senate.

Caucus Orders Change.
Hides and leather products including shoes were alike placed on the free list originally by the ways and means committee but the Republican caucus instructed the committee to offer an amendment giving hides protection.

A tax of 15 per cent on all kinds of hides resulted. Many members who voted for a tax on hides opposed today the added tax on the manufactured article. The bulk of the Republican members of the committee stood out however, for the complementary duty.

The house action on leather shoes did not hold, however, with respect to shoes, the uppers of which are made from cloth, felt, or kindred substances on which a duty of twenty five per cent was placed.

Of the increase perhaps the greatest was on citrate of lime, a by product of lemons which was raised from 2 1/2 cents to 7 cents a pound.

BEER MAY BE PANACEA FOR HUMAN AILMENTS

WASHINGTON, July 20.—Beer hopped up again today as a possible addition to the doctor's list of panaceas for human ailments. Internal Revenue Commissioner Blair announced that he would issue regulations covering the use of beer as a medicine within the next few days unless that it appeared prohibitory action would be taken by congress in the meanwhile. Efforts to bring the Will-Campbell anti-beer bill to a vote in the senate next week were blocked today by opponents.

The new regulations for the manufacture and use of beer for medicinal purposes are understood to make the case the unit for prescriptions but without any limit as to the number of prescriptions which may be written or obtained on the theory that Attorney General Palmer held the quantity of beer or the number of prescriptions might be limited, but not both.

PREACHED OPTIMISM: DID NOT PRACTICE IT

Kokomo, Ind., July 20.—Dr. W. E. Armstrong, who attained prominence in Northern Indiana as a lecturer and orator, particularly with his address on "Why Worry", committed suicide today by drinking a poison potion. Dr. Armstrong was 54 years old and is survived by his widow and two children.

Financial difficulties are held responsible for his deed.

STATEMENT ISSUED BY GOVERNOR SMALL TO PEOPLE OF STATE

Says That He is Innocent of Every Charge Made and Believes Mr. Sterling and Mr. Curtis Are Equally Innocent—Tribune and Daily News Help Brundage in Work

(By The Associated Press)
SPRINGFIELD, Ill., July 20.—Governor Len Small, indicted today by the Sangamon county grand jury for embezzlement and conspiracy to defraud the state declared in a message to "The People of Illinois" tonight that he is "absolutely innocent of every charge they make."

He added that he believes Lieutenant Governor Sterling and Vernon Curtis, indicted with him, are equally innocent. The governor's statement follows:

"You, who elected me your governor by the greatest vote ever given a chief executive in Illinois, are entitled at this time, to a frank statement from me concerning the 'indictment' returned against me today by the Sangamon county grand jury.

"For the present, may I not ask you to accept from me with the same confidence which you accepted my candidacy for governor, assurance to you that I am absolutely innocent of any charges which the public may consider brought against me by the grand jury, after a one-sided hearing in which personal and political enemies were heard and I had no voice.

IRISH PROPOSAL IS LAID BEFORE KING BY LLOYD GEORGE

Tells Him of Proposals He Will Place Before DeValera

LONDON, July 20.—The British cabinet sat for two hours and a half this evening considering the Irish question after which Premier George went to Buckingham Palace and laid before the king, whose interest in an Irish settlement is the keenest, the proposals for submission to Eamon DeValera, the Irish Republican leader, at tomorrow's conference.

It is understood that the financial arrangements in the new offer have given considerable trouble to the ministers, but eventually, after consultation with Sir Robert Stevenson orne, chancellor of the exchequer and the treasury officials, the various provisions were agreed to. It is also understood that the general lines of the premier's offer have the approval of Austen Chamberlain, the government leader in the house of commons; Sir Robert Horne, Sir Laming Worthington Evans, secretary for war and other ministers and that probably, with some modifications the entire cabinet will assent to the proposals which will be reduced to writing for presentation to Mr. DeValera.

Whether Mr. Lloyd George has succeeded in overcoming the reluctance of Sir James Craig the Ulster premier to join in a tripartite conference is not known but an announcement that Sir James is coming to London again probably next week, is considered a favorable omen.

Small First Governor Indicted In Office

(By The Associated Press)
CHICAGO, July 20.—Governor Len Small is the first governor of Illinois to be indicted by a grand jury while holding office. He also is the first Illinois governor to face charges made after an investigation by a n official body.

Available historical records give no instances of governors of other states being indicted while in office, but there have been several instances of impeachment.

In 1862 Governor Charles Robinson of Kansas was impeached. He was acquitted. Charges were made against Governor Harrison Reed of Florida in 1868, the charges later being dropped. Two years later charges were instituted against Governor William Sulzer of New York ending in his removal.

In 1917 Governor James E. Ferguson of Texas was removed from office.

Ouster Proceedings To Follow Conviction

(By The Associated Press)
SPRINGFIELD, Ill., July 20.—If Governor Small and Lieutenant Governor Sterling are convicted of the charges of embezzlement, conspiracy and confidence game contained in indictments returned against them today by the Sangamon county grand jury, ouster proceedings against them may be the next step in the startling political developments in Illinois.

The constitution of Illinois declares that no person guilty of any crime or felony can be eligible to hold an official state position.

Statements attributed to John Maynard Harlan suggesting that Frank O. Lowden start quo war-

rants proceedings to oust Governor Small were declared by Attorney General Brundage tonight to be a little too hasty. Harlan, as a candidate for the Republican nomination for governor last fall, made the first charges that Small, then a candidate for governor, had irregularly handled state funds while treasurer.

"If Governor Small is convicted of owing the state money at the time he was elected, he was under the constitution, ineligible to qualify as governor," said Attorney General Brundage when informed of Harlan's statement that Lowden is still governor. The same is true of Lieutenant Governor Sterling, if he is convicted, the attorney general said.

The Chicago & Alton railroad, it is understood, will soon receive \$3,000,000 from the fund the government set aside for the settlement of special claims arising during the period of government operation. This neat little sum will help the Alton materially in passing thru the adjustment period and will no doubt mean the re-employment of many men who were laid off under the retrenchment plan.

A dispatch says that Gen. Dawes has submitted figures to show there will be a government saving for the year ending in June, 1922, of \$112,512,000. If the chief of the budget has been able to accomplish so much in so short a time, it's a pity that shipping board affairs do not also come under his department.

The "inquiring reporter" has been asking Chicago people their opinion as to whether or not policemen in the big city should be relieved from the requirement of wearing coats in hot weather. The questioner should have been busy several weeks ago instead of delaying until the cooler days came. With the thermometer in Chicago showing the city one of the hottest places in the whole United States, it looks like unnecessary "cruelty" to require the policemen to wear their tightly buttoned coats.

NEW DRY LAW EASIER TO ENFORCE

The dry law passed by the last general assembly has provisions which make it much easier for officers to collect evidence. The result is going to be that where officers are vigilant and really interested in the enforcement of the law, that bootleggers are destined for a hard time.

Under the old law it was an exceedingly difficult matter to prove a bootlegging charge, but under the new measure the requirements made of the prosecution are not nearly so stringent.

WILL HELP IN DETECTING CRIMINALS

The chief of police has called attention to the advantage there will be if garage owners will keep an accurate record of the cars that they store. Such records are of very great value in apprehending criminals. In these days about nine out of ten criminals use cars and very often it is possible to trace offenders if the records that the state law requires are kept by the garage owners.

AN INDICTMENT DOES NOT PROVE GUILT

Under the law every man is considered innocent until he is proved guilty. This statement should be kept very forcibly in mind with reference to the indictment of Gov. Small, Lieut. Governor Sterling and Vernon Curtis for the alleged embezzlement of state funds. When the grand jury was summoned in Sangamon county to consider charges that had been made against the defendants named there was little doubt in the minds of any persons at all familiar with

state or political affairs but that the indictments would be returned. Conviction for the crimes charged is an entirely different matter and the charges are entitled to presumption of innocence until they have been given fair trials and the charges against them fully substantiated. It is a matter of common knowledge that the grand jury hearings and the indictments are the result of an exceedingly bitter party row. The charges may or may not be true, but it is not in accord with the policy of the state that politics is basic in the whole affair. Gov. Small has issued a statement with reference to the indictment and makes the unequivocal answer that he will have no difficulty in proving his innocence of the charges made. If the charges are true it is very certain that he has not been in accord with his general reputation as a man of high personal integrity.

EVENTS MOVE SWIFTLY TOWARD LOCAL RODEO

Cream of Chicago Show Signed up for Jacksonville—Stout Lot is Chosen for Staging Show.

Members of the grounds committee for Jacksonville's first annual wild west roundup decided yesterday afternoon that the big show will be staged on the Stout lot at the corner of Church street and Independence avenue. Several possible locations were considered but T. E. Barber of St. Louis, thru whom the bookings for the roundup were made, was decidedly in favor of the lot chosen, as it offers a wider area than the other locations considered. Mr. Barber came to Jacksonville directly from Chicago, where he has been occupied the last few days with signing up the top-notchers at the Chicago Rodeo to

LEONARD STROUD

appear here August 4, 5 and 6.

With the arrival of Mr. Barber, publicity work here was begun in earnest.

The cream of the Chicago show will be seen here in Jacksonville. That statement may be doubted by some, yet if those who have followed the accounts of the Chicago Rodeo in the Chicago newspapers will compare the prize winners there with the names of the cowboys and the cowgirls coming to Jacksonville for the big roundup here, they will find that the people who have been taking the big prize money in Chicago are all scheduled for an appearance in Jacksonville.

Leonard Stroud who has contracted to put the wild west roundup on here is the champion trick rider of the world and has been winning prizes consistently by his performances in the Windy City. Mrs. Stroud, "Handsome Tommy" Kirman, Mrs. Korman, Bryant Roach and wife, "Slim" Casky and other "top hats" are included in the list of riders, ropers and bronk busters who will be here.

Charles Stark, who is doing the work of bill posting for the big event in connection with Mr. Barber, started work yesterday. The large posters have not yet arrived from Milwaukee but are expected in Jacksonville within a few days. Following their arrival Scott, Morgan, Cass, Green, Sanagmon, Pike, and other nearby counties will be ablaze with the brilliant colored sheets telling of the roundup and its attractions.

The work of the finance committee, which has been busy the past few days, getting guarantee money for the project has progressed nicely and everyone is satisfied that the proposition is going to be one of the greatest successes in the history of the city.

As has been stated previously the proceeds of the roundup go to the Chamber of Commerce to be used for the benefit of the park system of Jacksonville.

I. W. C. ANNIVERSARY PAGEANT PROGRESSES

Committee Busily at Work Preparing for Pageant Marking Diamond Jubilee Anniversary of Woman's College.

The matter of compressing seventy-five years of history into a seventy-five minute play is not going to be such a serious problem as it seemed to the committee appointed to write the pageant for the Diamond Jubilee Anniversary of the Illinois Woman's College. The main thing it involves is the amount of preliminary labor in going over records and histories and biographies in order that nothing be left out. As a matter of fact a great deal must be left out, and a great deal more treated indirectly, or symbolically. But after all, the object is to give a sort of pictorial history, throwing into relief the episodes of significance, so that the spectator will get a thread of development that will remain in his memory, and be associated ever afterwards with his thoughts of the College.

For the time being there is plenty of material. Nevertheless, the friends of the institution are solicited to furnish the committee with any available matter in their possession—histories, books of clippings, anecdotes that will illumine the character of the early founders, etc. Bound volumes of the College Greetings are already available.

Whoever has anything to contribute will confer a favor by submitting it at once to Dr. Harker, the Rev. G. W. Randle, or John Kearns. The committee will be responsible for its safe-keeping and subsequent return to the owners in good condition.

COMMITTEE

KEEPING RECORD OF TOURIST AUTOS

Chief Kiloran yesterday called attention to a section of the state law which requires all garage owners to keep a record of the license number and engine number of all cars placed in their garage over night or for repairs.

This law the chief said would not only be of great help to officers in tracing stolen cars but would also be a protection to themselves, in case they received a bad check for work done or supplies sold.

Mr. Kiloran's reason for calling the attention of local garage owners to the law is the work of the check forger here Saturday night. This individual was seen leaving town in a Ford runabout Sunday afternoon. The matter was reported to Chief Kiloran who thought he had a good chance to grab the forger.

However, when the garage was located where the car was kept it was found there was no record of its license or engine number. Mr. Kiloran says local garage owners keep partial records but they are not keeping a list such as is required by the law and for which the state furnishes the necessary blanks.

A REMARKABLE STICK

Ben H. Wilson, employed at Passavant hospital, has in his possession a very remarkable walking stick. He cut it fifty miles west of Louisville, Kentucky. It has the appearance of being some kind of not very hard wood though that cannot be determined. The remarkable thing about it is the fact that it has the appearance of having been most elaborately carved but the owner says it has never been touched by any tool except the one used in cutting it from the parent stalk. It is about two inches in diameter and the usual length of a cane and is indeed a marvel. Mr. Wilson says he has exhibited it at a number of state fairs and other places where it has attracted much attention.

MISS LAONE DAWSON WEDS MINNESOTA MAN

Ceremony Performed Yesterday Afternoon at Home of Bride's Sister.

At three o'clock Wednesday afternoon in a simple ceremony performed at the home of Mrs. Ernest Stout, 121 North Prairie street, Miss Laone Dawson of this city and Eugene Carver of Fairbault, Minnesota, were united in marriage. The ceremony was performed by Reverend M. L. Pontius and only a few relatives and intimate friends were present. The home was attractively arranged with flowers and ferns and the wedding was in every detail a simple but impressive affair. The bride wore a maize frock of georgette crepe and carried a bouquet of bride's roses. The young couple were unattended.

Following the ceremony an informal reception was given and Mr. and Mrs. Carver left last evening for Roberts Lake, Minnesota, where they will spend the summer.

The bride is one of the most attractive and popular young girls in Jacksonville and has many friends who regret her leaving the city. She has made her home with her grandmother, Mrs. Mary Wood on Diamond Court. After graduating from the local high school Mrs. Carver taught for a year in Nashville, Tennessee. For the past two years she has been a successful instructor in the Minnesota State School for the Deaf at Fairbault.

The groom is a prominent young business man of Fairbault, being a member of the lumber firm of Carver Brothers. He and his bride will make their home in the Minnesota city.

Among out of town guests at the wedding were Mr. and Mrs. Wilbur Rogers of Waverly, and Miss Mary Rogers of Beardstown.

Call today and see the Quick Meal Gas Stove in operation with the Lorain attachment cooking five or six items at one time without attention and everything cooked perfectly.

In Buying a Palm Beach Suit
A Few Dollars Invested In Good Make An Added Economy
—Some Palm Beach Suits cost more than others. And that is perfectly natural and logical. The difference is due to the tailoring.
—And the tailor who shows you these better grades and gives you correct tailoring is striving to give you the best that can be had in Palm Beach—the best material, the best handwork in fashioning your suit, and the best in needlecraft and in smart designing.
—The genuine Palm Beach, when fashioned into a suit by a skillful tailor, is a thing of beauty—because it looks well; because it will bear the necessarily frequent launderings and keep its first appearance; because it is low in price; and more than all, it keeps you feeling comfortable, and is fit to wear in any society.
—We offer you the genuine Palm Beach, the high grade tailoring and the low prices.
—Come in and be measured this week; there's a long hot summer ahead of you with but few breaks; be comfortable.

Men without Coats

—Never in the history of Jacksonville has the abandonment of coats by the men been so universal—On the streets, about their daily work, and at the theatres, lodges, etc.

—This is as it should be, in warm weather—It's comfort.

—But, when men doff the coat, the shirt, the belt, the tie and the collar, must be a bit finer—a little more dressy. And to appear so dressed costs no more.

—We are showing a beautiful line of articles of this kind for summer wear, including Palm Beach, Mohair and Tropical Worsteds Suits, and athletic underwear, all at very low prices.

LUCKY STRIKE CIGARETTE

After every shot old cannons had to be cleaned. The chemical and physical action of the priming fouled the barrel and marked it with tiny "pits."

Modern rifles also suffer from the effects of the priming. For years manufacturers have studied to reduce the effects of the priming on the barrel. And now a new, wonderful priming has been developed in the U. S. laboratories.

The priming in all U. S. Rim-Fires reduces fouling and erosion. It lengthens the life of a

rifle to a remarkable degree. The rifle is easier to clean. It is more accurate, because a barrel worn or pitted by ordinary priming loses in accuracy. The slightest effect in the barrel is multiplied by the distance the bullet travels.

Be good to your rifle. "Load it well and keep it clean" by using only U. S. Rim-Fires and cleaning it before putting away. We have in stock all popular styles and sizes for all makes of rifles. Money back if you are not entirely satisfied.

Who Didn't Favor Talcum?

Probably no toilet commodity has ever reached the heights of appreciation as held by talcum. No lady but doesn't favor a sweet, clean, light, impalpable talcum powder. By the way, if there is any kind of talcum powder made or sold popularly advertised or ordinarily desired that we don't sell, we will be glad to stock it if you tell us its name and where we can get it. TWO STATE OFFICIALS ARE INDICTED

(Continued from Page 1)
from twenty-two million dollars to thirty-two million dollars. During the administration of Len Small and Fred T. Sterling as treasurers of the State of Illinois, the law then in force in this state required the state treasurer to deposit all money received by him on account of the state within five days after receiving same in such banks in the cities of the state as in the opinion of the treasurer were secure and which paid the highest rate of interest to the state for such deposits. We find that both the letter and spirit of that law was violated. Instead of loaning the state money to all secure banks of the state without discrimination, and to such of these which paid the highest rate of interest only a portion of that money was loaned in accordance with the provisions of the statute. For the purpose of circumventing those provisions an ingenious scheme was devised and carried out.

daily balances of the state treasurer were carried on the books under two primary funds, one designated as the vault fund and the other as the safe fund. The vault fund represented loans made to the so-called "Grant Park Bank," which was formerly a private bank institution which absolutely ceased to function as a bank after 1898. Altho this purported bank was purported to be owned by a single individual and did not transact any banking business whatsoever and had no depositor other than the state of Illinois yet it was given huge deposits of public money by two former state treasurers, Small and Sterling. The average deposits of state money carried by this purported bank were ten million dollars.

"The evidence shows that the money was taken from the state treasury generally in lots of five hundred thousand dollars and deposited in the so-called 'Grant Park Bank,' which thereupon issued and delivered to the state treasurer certificates of deposit for the amounts received but without any collateral security. In other words the only evidence of indebtedness and the only security held by the treasurer for loans aggregating ten million dollars were paper obligations of a fictitious bank. The moneys so received were used in purchasing at a discount short time notes issued by Swift & Company and Armour & Company, two large corporations engaged in the packing business in Chicago. These transactions netted the purchasers of the notes large profits. If any portion of the profits so realized was paid into the state treasury it was less than two per cent. The evidence shows that the most of the banks receiving public moneys paid into the state treasury on all public funds during the administration of Messrs. Small and Sterling was less than two per cent per annum.

Manner of Handling Funds
"The records of the treasurer's office for July 10, 1919, illustrate the manner in which the public funds have been handled. On that day the vault fund is debited with \$7,977,500, of which sum four million nine hundred seventy-seven thousand dollars was deposited in approximately three hundred banks throughout the state and three million dollars in a private banking institution; while the safe fund was debited with eighteen million dollars.

"The activities of the state government have grown tremendously during the past few years. Each legislature adds to the supervisory duties of the state and as a result of these regulatory laws, the annual income of the state is being constantly augmented. One or two laws alone have added millions of dollars to the receipts of the state. The legislature of this state has unlimited investigating powers. We therefore, recommend that it institute an exhaustive investigation of the whole subject of the handling of public funds for the two fold purpose of determining (1) official delinquency, if any, and (2) what legislation, if any, should be enacted to protect the interest of the state and to put to an end forever to the traffic in public funds.

"We desire to record publicly our commendation of the attitude of the present state treasurer of Illinois, Edward E. Miller who appeared before us with the record of his answer to a subpoena duces tecum. We were greatly impressed with the fact that his testimony was free from malice or bias toward any single individual. His testimony revealed not only an intimate knowledge of the affairs of his office but also a proper conception of his responsibilities and duties."

The jury asked to be permitted to extend its investigation but Judge Smith after expressing his belief in their honesty, discharged them, announcing that another grand jury would be called September 6th.

Sterling's Statement
Rockford, Ill., July 20.—Lieutenant Governor Fred E. Sterling made the following statement today in connection with his indictment by the Sangamon county grand jury which has been investigating conditions in the Illinois state treasury:

"I have no comment to offer on the action of the Sangamon county grand jury, all I know about the evidence which was submitted in what I have read in the newspapers for I have been at home during the progress of the entire inquiry and have neither seen nor talked with anyone concerned or connected therewith since it commenced."

"I have never believed in trying cases in the newspapers and have no further statement to make at this time, other than that I have violated no law to my knowledge and will welcome an opportunity to meet and fully answer any charges that may be preferred against me when the proper time arrives."

"Any statement by me at this time would not add to the confidence which my friends have in my integrity as evidenced by a large number of cordial expressions of friendship and support which have come to me from all parts of the state since the inquiry began and it would probably not have much effect on those who are unfriendly either politically or otherwise."

"My life in Illinois for forty years has been an open book and when the record of my two year term as state treasurer is complete I shall be willing to stand on the showing made by me with a clear conscience of having served the state and all persons and institutions with whom I had official dealings honorably, fairly and justly. Any grand jury hears only one side of a case. Until all the facts are fairly and squarely presented before a tribunal I would merely ask suspension of judgment."

Mrs. Mabel C. Hunter and daughter, Mrs. M. C. of Springfield, visited the city yesterday.

Funerals

Buchanan.
Funeral services for Mrs. Mary Buchanan were held from the Gillham Funeral Home at 2 o'clock Wednesday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. Burial was in Jacksonville cemetery.

Henderson.
Funeral services for Elbert D. Henderson were held at Franklin Wednesday afternoon in charge of the Rev. S. H. Kuntz. Private services were held at the residence at 2:30 o'clock and more extended services at Franklin cemetery where interment was made at 3 o'clock.

Music was furnished by the Misses Blanch Harney, Aileen Austin, Lou Duncan, Grace Hill and Miss Grace Armstrong as accompanist. The flowers were cared for by the Misses Ruth Tunch, Maude Anderson and Blanch Hocking.

The bearers were Cullen Sweet, Howard Teaney, Porter Armstrong and Walter Reed.

STALEY PLANT WILL NOT CONSOLIDATE

DECATUR, Ill., July 20.—A. E. Staley, president of the A. E. Staley, president of the A. E. Staley Manufacturing company today denied reports that his firm would have any part in a proposed consolidation of several large starch, glucose and candy manufacturing concerns of the middle west.

"We have been approached several times to consolidate with us," said Mr. Staley, "but we have not given them the slightest encouragement. The proposals in fact, have never been submitted to our directors."

Negotiations with a view to a giant combine in the glucose and candy field have been carried on for several months by a group of St. Louis men. Among the concerns approached are the A. E. Staley company of Decatur, National Candy Company, Temper Products company, Penick Food company, Union Starch and Refining company and Maize Products company.

Y. M. C. A. DIRECTORS TALK BUILDING PLANS

The directors of the local Young Men's Christian association met Tuesday to consider plans for a new building. A. L. Mayer, district state secretary, was present.

The plan favored at present is for a three story structure with about forty rooms. The second floor will house a class room, a lunch room, a kitchen and a rest room.

The plan includes a regulation size swimming pool with bleachers for spectators. A large lobby and game room will be on the first floor.

RAIL EXECUTIVES TALK OVER PLAN

NEW YORK, July 20.—Railroad executives who met here today to discuss the proposed plan of the government to fund the \$500,000,000 owed by the carriers for additions and betterments to their property during the period of federal control withheld announcement of their action.

Thomas DeWitt Cuyler, chairman of the association of railway executives, who called the conference said that "any statement on the situation must come from the president of the United States."

Other railroad officials indicated that the next move was up to the government.

TO OPEN MUSICAL STUDIO

Mrs. Minnie Hoffman Higbee, daughter of L. P. Hoffman, is to return to Jacksonville in the course of a few weeks to open a musical studio. Mrs. Higbee, who is known here as a capable musician, has been away from Jacksonville for nearly five years. During the past two years she has been in chautauque work with the Brownell Concert Co., and has made a favorable impression wherever she has appeared.

THIEVES TAKE LIQUOR LEAVE LITTLE FOR SHERIFF

Walla Walla, Washington, July 20.—Thieves last night cut the bars of an outer window in the county jail and removed all the bonded and moonshine whiskey which had been accumulated in several months' raiding activities against the bootleggers with the exception of a gallon jug partly filled with a low quality of liquor. Charles J. Springer, the sheriff, has sought the aid of the state penitentiary finger print expert in obtaining clues.

WELL KNOWN CATTLE BREEDER IS DEAD

Decatur, Ill., July 21.—C. R. Scroggin, known throat Central Illinois as a breeder of Hereford cattle, died this afternoon at his home near Haristown. Mr. Scroggin was the grandson of Carter R. Scroggin a pioneer who came to Illinois before the year 1818 and whose descendants have been prominent in the state for more than a century. Since boyhood he had been owner and manager of a stock farm of 1,200 acres in Macon county.

ALLEGED KIDNAPED MAN IS ARRESTED

Sharon, Pa., July 20.—Thomas D. Randolph, business man of Sharon missing since Monday and for whose return a fifty thousand dollar ransom was said to have been demanded by alleged abductors was arrested following his return tonight to the home of his father-in-law, Boyce Fogle, on orders of Mayor Frank Gilbert. He was held on bail on the technical charge of being a suspicious person, it was said.

STATEMENT ISSUED BY GOVERNOR SMALL TO PEOPLE OF STATE

(Continued from Page 1)
give to Mr. Brundage's effort to besmirch my name and my record.

"The traction interests of Chicago who know that the present governor of Illinois will reduce street car fares from eight and ten cents to five if it is humanly possible, gladly joined with Mr. Brundage and the other interests to annihilate me."

Mr. Brundage came to Sangamon county the only county in the state where he had any hopes of securing an indictment against me. While it may seem amazing that any grand jury could do this thing, still I am not surprised that a Sangamon county grand jury, dominated by an organization protecting the most vicious criminals and brazen law violators to be found in the State of Illinois, has taken this action.

Says He Is Innocent

"I am absolutely innocent of every charge they make. They, better than anyone else, know I am innocent, and that they can never prove the charges which are simply brought for the purpose of character assassination through the public press of Illinois. And I believe the other parties indicted are equally innocent."

"The people of the state of Illinois elected me on the pledge that I would honestly serve them. I have served them to the best of my ability, regardless of consequences, saving them many millions of dollars. I will continue to honestly and faithfully serve them with ever particle of strength and ability I possess."

"And I am not afraid of the final verdict which will come from you, the great people of Illinois."

WANT FIFTY CARS FOR WAVERLY PICNIC

Local Business Men Plan to Take Large Number to Tri-County Event.

A very interesting meeting of the committee on the Waverly Automobile tour was held Wednesday afternoon in the Chamber of Commerce rooms.

Plans were outlined by the committee for the Chamber of Commerce, the Rotary club and Kiwanis to attend the Tri-County picnic in a body. These plans will be laid before Kiwanis today and Rotary on Friday.

The plan so far consists of securing at least 50 automobiles loaded with Chamber of Commerce members, Rotarians and Kiwanians to leave the business district on Thursday, July 28 at 10:30 a. m.

The cars are to be decorated with flags, streamers and signs, several tuglers will be taken along and stops will be made at Alexander and other towns en route.

The committee will meet again Monday morning, July 25th at 9:20 a. m. to complete arrangements.

RETURN FROM TRIP TO NIAGARA FALLS AND CANADA

Mr. and Mrs. A. R. Taylor are again in the city after a ten days' stay at Niagara Falls, Buffalo and Canadian points. They first visited Niagara Falls, then went by boat to Toronto, Canada, also visiting Chippewa and Ontario. Boat trips were also made to Crystal Beach and Niagara Beach. On Wednesday Mr. Taylor was a guest of the Rotary club at Niagara, the luncheon being given at the chamber of commerce headquarters. He was also a guest of the Ontario Rotary club on Monday. The president of the latter club is J. H. Jackson, who is also superintendent of the park system. Mr. Jackson was very courteous to the Jacksonville residents and made their stay there exceedingly pleasant.

While away Mr. and Mrs. Taylor spent a day in Detroit. Among the interesting places visited there was the Ford factory which they inspected in a thorough way. Altogether their trip was a very pleasant one, despite the fact that the weather was a trifle too warm for comfortable travel.

The McCarty Drug Co., of Arenzville, Ill., has secured the services of Dr. J. J. McKibbin. Any and all prescriptions carefully compounded.

Judge Samuell left the city Tuesday for a business trip to Waco, Texas.

NEIGHBORHOOD PICNIC GIVEN AT WINCHESTER

Annual High Street Neighborhood Picnic Enjoyable Event—Other Winchester Items.

Winchester, July 20.—The annual neighborhood picnic of High street residents was held on the lawn at the home of Mr. and Mrs. F. H. Allen Tuesday evening and proved a very delightful occasion. A splendid menu was served, including fried chicken, sandwiches, salads, olives, pickles, ice cream, cake, iced tea and coffee.

The committee in charge of the general plan and entertainment included Mrs. F. H. Allen, Mrs. J. W. Dace, Mrs. Gertrude Demereth and Miss Jess McLaughlin. Hon. J. M. Riggs will remain the president of the association next year, and next year's picnic will be held on the lawn at the home of Charles Doyle. After the supper games and a social good time were enjoyed.

Miss Dorothy Dow, community nurse, has completed her work here for the season and left Tuesday evening for her home in Lockport, Ill.

Mrs. Fred Hamilton, who was able to be brought home from Passavant hospital a few days since, is slowly improving. Her many friends are hoping that her improvement will continue steadily.

ALEXANDER

Miss Katherine Turner of Waverly is visiting at the home of Mr. Martha Miller in Alexander. Miss Lucille Mason has returned to Jacksonville after a visit with her mother, Mrs. E. E. Mason.

Mrs. Frank Meyer of Mt. Sterling, Mo., is visiting here.

REQUIRED EXTRA HEATS FOR RACES

Two of the Events Required Four Heats to Decide Winners — Eunice Bell was Class in Three Year Old Trot.

KALAMAZOO, Mich., July 20. — Extra heats were required to decide the winners in two of the four events on the Grand Circuit program at Recreation Park track this afternoon. In the \$3,000 Paper Mills Purse, Escotillo won the first heat, Walnut Frisco with McDevitt, came from behind and won the second, while the third heat went to E. Colorado the favorite. In the fourth Walnut Frisco won out with E. Colorado, apparently lame and unable to respond to the whip on the home stretch, second with Escotillo third.

In the 2:12 trot it was again necessary to stage a fourth heat in order to determine them. Peter Brooke after finishing second to Waco, in the 2:16 pace, came right back and took the second and third heats, while Fleety

WHITE SOX WIN ANOTHER GAME

Take Fifth Extra Inning Contest in Ten Days — Pitching of Wilkins is Responsible for Victory.

CHICAGO, July 20. — Chicago won its fifth extra inning game in the last ten days today when Philadelphia was defeated 3 to 2 in ten innings. The local victory was attributed to Johnson's hitting and base running and timely hitting by Collins and Strunk and the superb pitching of Wilkins.

YANKEES WIN AND TAKE FIRST PLACE

Go Into Lead When They Defeat Cleveland 7 to 1 — Shawkey Pitching Big Factor in Victory.

CLEVELAND, July 20. — (American)—New York went into first place today when it defeated Cleveland 7 to 1. Shawkey was unusually effective holding the Champions to six hits and striking out nine men. Cleveland escaped a shutout when Smith hit over the right field wall for a home run. Cleveland failed to give Coveleskie good support, there being several errors of judgment that were costly. The Cleveland pitcher also was unfortunate in having all of his passes turned into runs. In each case a long hit followed a base on balls. Baker's three hits drove in four runs.

CUBS AND PHILLIES SPLIT DOUBLE HEADER

Cubs Got First Game 10 to 0 and Lost Second 8 to 0 — Maisei Gets Five Hits in Five Times Up.

Philadelphia, July 20.—Chicago divided a double header with Philadelphia here today. By getting to George Smith and Betts for 23 hits the Cubs won the first game 10 to 0. In the second game Hubbell blanked Chicago 8 to 0. Aside from pitching effectively, Hubbell had three hits out of four times at bat, including two singles and a home run. In the first game Maisei had five hits in five trips to the plate.

CASH GRAIN REPORT
By Associated Press.

CHICAGO, July 20.—The cash corn basis was 3c better on No. 2 grades today. The basis for cash wheat and cash corn was unchanged. Car lot receipts were: Wheat, 654 cars; corn, 126; oats, 137; shipping sales were \$25,000 bushels of wheat including 800,000 bushels to exporters, 195,000 bushels of corn and 140,000 bushels of oats.

Germany is reported to have taken 2,000,000 bushels of No. 2 mixed oats at New York in the last three weeks, but \$0 to \$5 per cent of this total is said to have been Canadian feed oats. The remainder was domestic white oats.

Daily Market Report

DOWNWARD SWING IN WHEAT PRICES

CHICAGO, July 20.—Big receipts and the possibility of a railroad embargo against grain shipments to Chicago led to downward swings today in the price of wheat. Closing quotations were heavy 1 1/2 to 3c net lower with September \$1.24 to \$1.25 and December \$1.29 to \$1.29 1/2. Corn lost 3/4 to 1 1/4¢ and oats 1/4 to 1 1/4¢. In provisions the outcome varied from five cents decline to a like advance. With estimates current that two thousand car loads of wheat were on track here unloaded and with new arrivals today totalling 654 cars the wheat market was on the decline during the greater part of the season.

Continuance of elevator labor troubles was a factor in making the storage situation acute and in raising the question whether a temporary embargo might be required to relieve congestion. On the other hand exporters bought eight hundred thousand bushels here at New York advanced. If 250,000 bushels sold for export to Germany. Transient rallies, too, were caused by forecasts of renewed hot weather northwest and by black rust damage talk from North Dakota. Toward the finish however, support was lacking and the close was near the bottom figures of the day.

Auspicious crop reports had a bearish effect on the corn market. Oats declined with corn, altho firm for a while owing to exaggerated reports of export business.

Provisions were steadied by assertions that Germany had purchased 300,000 pounds of lard.

STOCK EXCHANGE BUSINESS BROADER

NEW YORK, July 20.—Business on the stock exchange today was broader and a little more active. Firmness during the early and intermediate stages gave way to irregularity at the close. There were no indications that shorts had materially reduced their commitments.

Oils as a group continued to govern the dealings. Foreign issues were hesitant, their course being ascribed to the heavy export tolls levied by the Mexican government. Ralls held and in some noteworthy instances augmented yesterday's moderate gains, presumably in expectation that the transportation executives soon would submit a funding plan acceptable to the Washington administration. Further cutting of steel prices is imminent, according to trade authorities. The Iron Age reported slight revival of buying for railroad and construction requirements but operations at some centers showed a lower rate of production.

JAY HAMILTON BURNED BY WIRE

Jay Hamilton, the eleven year old son of Mr. and Mrs. Lloyd Hamilton of 515 West College street, was painfully burned yesterday morning by an electric wire. The boy was riding a bicycle west on Grove street when he ran into a hanging electric wire. The wire caught the lad under the chin and severely burned his neck and ear. He was knocked from his bicycle and was unconscious when picked up by Mr. Matthews. The lad was taken home and Dr. Edward Bowe was called and gave the necessary medical care. Although the injuries are very painful no serious results are expected from the accident.

J. W. MOON INJURES RIGHT HAND

J. W. Moon, an employee of the Ward book bindery, cut a two-inch gash in his right hand Wednesday morning while sharpening a tool. Mr. Moon went immediately to the office of Dr. A. M. King, where the wound was dressed. Five stitches were necessary to close the opening.

MEMBERSHIPS SECURED FOR O. T. O. HIGHWAY

Reports Presented at Committee Meeting Show That Jacksonville Has Exceeded Quota.

The committee appointed to have charge of the solicitation for memberships in the Ocean to Ocean highway association held a meeting Wednesday afternoon in the chamber of commerce rooms. Eighty-nine memberships were returned and there is one book on which the report is still to be filled. This will mean that Jacksonville has exceeded the quota of 78 and will be represented in the association by about 100.

John M. Walshe of Hannibal, assistant manager of the route, who has been here for a number of days working out the details of the highway program, will go to Springfield today. Mr. Walshe will meet representatives of the chamber of commerce at Springfield at a noonday luncheon.

MARKHAM STATION SOON TO RE-OPEN

Order Was Entered Yesterday by State Commerce Commission.

Residents of Markham neighborhood will be very much gratified to know that the Illinois state commerce commission yesterday entered an order requiring the Wabash railroad to re-open the Markham station. As a part of the retrenchment policy of the Wabash the Markham station was closed a number of months ago, greatly to the inconvenience of the people of that neighborhood. F. H. Rowe presented the matter to the commerce commission on behalf of the Morgan county residents.

NEW BERLIN MAN DIES IN SPRINGFIELD

Will C. Scheele of New Berlin died at four o'clock Tuesday morning at the Springfield hospital after a long illness. He had gone to the hospital several weeks ago for an operation.

Surviving are his parents, Mr. and Mrs. L. F. Scheele of New Berlin, two sisters, Mary, at home, and Mrs. George Krenzow of New Berlin, and one brother, Arthur H. Scheele of Jacksonville.

The funeral has not yet been announced.

MANY VISITORS AT TODD FARM

Wiley Todd, who lives in Lynxville precinct on one of the best known farms in Morgan county, has been favored with an unusual number of friendly calls during the blackberry season. Mr. Todd has a wooded pasture where blackberry bushes flourish and this fact has added greatly to the popularity in recent weeks. Mr. Todd said yesterday that he had had 982 calls over the telephone about blackberries and almost as many guests.

The figures may be a little exaggerated, but nevertheless there is no denying that the number of persons who have gone "black-berrying" on the Todd farm is surprisingly large.

A. J. Pratt of Griggsville was visiting friends in the city yesterday.

Social Events

Mr. and Mrs. Otto Axe Entertained Friends

MRS. DAVID FLEMLEY DIES AT NORMAL HOME

Friends here received word of the death Tuesday at her home in Normal of Mrs. David Flemley, wife of the president of Illinois State Normal University.

Decedent had been ill for a number of years and for several months had been failing rapidly.

Mrs. Flemley was the daughter of Benjamin N. and Sarah Stout and was born near New Vienna, Ohio, in 1865. The family moved to Carrollton in 1873 where she graduated from the high school.

After teaching for two years she married David Flemley, then superintendent of the Carrollton schools. They moved to Normal in 1890.

Beside her husband Mrs. Flemley is survived by three children, Mrs. A. B. Meek of Carrollton, Mrs. Mildred Flemley, a teacher in the Oak Park high school and John Flemley with the Decatur Bridge company.

Funeral services will be held in Carrollton this afternoon.

HENRY FORD AND THE WABASH ROAD

(Decatur Review.)

Has Henry Ford bought the Wabash or is he planning to buy it or secure controlling interest? It is not likely that anyone here knows. The rumor has been flying thick for several days and Wabash men coming back from the eastern end of the line claim the rumor is more widespread east of here.

A Chicago paper Sunday morning stated he had purchased the branch from Toledo to Fort Wayne and was seeking the line to St. Louis.

A Detroit paper, it is said, printed a story that he wanted all of the Wabash because it was the one railroad that served more of the principal cities of the country and more Ford territory than any other railroad.
